Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The 1449 mailed on 5/5/08 in response to the IDS filed on 3/14/08 mistakenly did not have the second reference marked as considered. Both references had been considered by the examiner at that time and the failure to initial both was simply an oversight. An updated 1449 clearly marking both references as considered is attached herein. No further action by the applicant is required at this time.
